

# POWER SUPPLY KIT FOR SOLAR PANELS

PRODUCT DESCRIPTION

ORDER NUMBER

## CARDIN TRADE SUN POWER

This product uses solar energy to power automatic devices for gates, garage doors, and road barriers etc. situated far away from the mains power lines, all without needing any sort of excavation or brick work. SUN POWER is compatible with all the Cardin Trade control units for 24 Vdc motors, making them independent, reducing electricity costs and respecting the environment.

### POWER SUPPLY KIT

Solar panels for use with all 24 Vdc automation.  
Two solar panels complete with adjustable brackets.  
Watertight box with batteries, command electronics and charger.

### SUNPOWER

### SUPPLEMENTARY SOLAR PANEL KIT

Two solar panels complete with adjustable brackets.

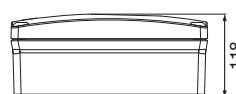

### SPW10

### GENERAL CHARACTERISTICS

Solar panel voltage	Vdc	24
Output voltage	Vdc	24
Maximum electrical input	A	10
Power consumption in standby	mA	1
Battery power supply	Ah	7 (x2)
Solar panel power	W	5 (x2)
Solar panel dimensions	cm	290 x 240 x 35 (x2)
Operating temperature range	°C	-20°...+55
